

## **Christ Church College, Kanpur**

### **Report on IPR Awareness Program**

The Research and Development Cell (**RDC**) of Christ Church College organized a One-Day IPR Awareness Program on 17 February 2026 in online mode from 3:00 PM onwards. The program was conducted in accordance with the New Education Policy, which encourages research, innovation, and project-based learning at the undergraduate and postgraduate levels.

The program was conducted under the National Intellectual Property Awareness Mission (**NIPAM 2.0**), an initiative of the Ministry of Commerce and Industry, Government of India, launched as part of *Azadi ka Amrit Mahotsav*. The mission aims to create awareness about intellectual property rights across the country and to promote creativity and innovation among students, faculty members, and researchers.

The program was organized under the guidance of Dr. Vinay John Sebastian, Principal of Christ Church College, whose support played a key role in its successful execution. It also received valuable encouragement from Dr. Sweta Chand, Vice Principal, who actively promoted research-oriented academic initiatives.

The resource person for the program was Ms. Farha Bano, NIPAM–TIFAC Coordinator, Ministry of Commerce and Industry, Government of India; Woman Scientist, TIFAC (Government of India); and Indian Patent & Design Agent, Ministry of Commerce and Industry, Government of India.

Ms. Farha Bano delivered an informative lecture on Intellectual Property Rights (IPR), explaining the basic concepts of patents, copyrights, trademarks, and industrial designs. She highlighted the importance of patents for undergraduate and postgraduate research projects and explained how to identify patentable ideas, understand prior art, and follow the patent filing process in India. She also discussed common mistakes to avoid during research publication and patent filing.

The speaker emphasized the need to protect research outcomes, follow research ethics, and understand the role of IPR in innovation, startups, and entrepreneurship. Practical examples and real-life cases were shared, making the session easy to understand and highly engaging. The program concluded with an interactive question-and-answer session, during which students and faculty clarified their doubts.

The program was conducted with prior authorization from the Office of the Controller General of Patents, Designs and Trade Marks (CGPDTM) under NIPAM, Ministry of Commerce and Industry, Government of India. The program was offered free of cost, and all registered

participants received digital certificates from NIPAM after the program. An Appreciation Certificate was also awarded to Christ Church College for organizing the program.

The program was coordinated by Dr. Sunita Verma, RDC Coordinator, with the active support of the faculty members of Christ Church College. The organizing committee included Dr. Manishi Trivedi, Dr. Dhananjay Dey, Dr. Deepanjali Das, and Dr. Zaved Ahmed, whose efforts ensured the smooth conduct of the program.

Faculty members actively encouraged student participation, reflecting the college's commitment to building a strong research culture. Overall, the One-Day IPR Awareness Program was highly successful and effectively achieved its objective of creating awareness about intellectual property rights and promoting research and innovation among students and faculty.
