College Co-curricular Committee 2020-21 (New initiatives)

The College Co-Curricular Committee has constituted a Students' Cultural Council and Students' Cultural Clubs to facilitate different co-curricular activities. These initiatives will stimulate student's involvement in planning, organizing, and performing various cultural activities. This initiative will inculcate leadership skills, organizing capabilities, and teamwork among students. The faculty will be in the role of advisors and guides to these students for managing the activities. This initiative was long overdue. In the past years, it was thrust upon the faculty to conceive, plan, organize, and help the students' performances as the college did not have full-fledged music, arts, and performing arts departments. The convener felt to initiate this change as this would give more power to students to plan, execute, manage, and perform.

Students Cultural Council: 2020-21
