

# UGC-HRDC REFRESHER COURSE (ONLINE)

THEME: CLIMATE ACTION AND DISASTER MANAGEMENT

JANUARY 27-FEBRUARY 10, 2023

*ON*

CISCO-WEBEX PLATFORM

*Organized by*

JAI NARAIN VYAS UNIVERSITY, JODHPUR

*in collaboration with*

CHRIST CHURCH COLLEGE, KANPUR

## REPORT OF THE REFRESHER COURSE

The Jai Narain Vyas University, Jodhpur, in collaboration with Christ Church College, Kanpur, organized an online **UGC-HRDC Refresher Course on Climate Action and Disaster Management** from **January 27th to February 10<sup>th</sup>, 2023**. Prof. Meet Kamal was the coordinator of the Refresher Course from Christ Church College, Kanpur. Following is the day-wise report of the entire course program:

### **DAY-1:**

Professor Sanjay Kumar, the esteemed Vice-Chancellor of Amity University, emphasized the significance of inner self-development and collaborative research efforts. Delving into the four pillars of the New Education Policy—Equality, Inclusivity, Accessibility, and Affordability—Professor Kumar outlined a strategic research approach: Mind to Market, Campus to Corporate, and Institution to Industry. He underscored the vital need to translate theoretical concepts into real-world applications.

Professor Alok Kumar Chakrawal, Vice-Chancellor of G G Central University, Bilaspur, delved into life's true essence and urged participants to be accessible to those facing challenges. He highlighted the importance of cultural reflection and spirituality in problem analysis and solution formulation. Professor Shiv Singh, former Chairman of RPSC, Rajasthan, concentrated on disaster management, elucidating the connection between human activities, nature, and resultant disasters. He underscored the need to align contemporary challenges with traditional cultural values for effective resolution.

Professor Kamlesh Mishra, Former Registrar, RDV, Jodhpur, linked Professor Shiv Singh's insights to the current water crisis in Jodhpur, emphasizing the importance of sustainable development in environmental and tourism contexts. Professor Rajesh Kumar Dubey, Director of UGC-HRDC, Jodhpur, outlined the objectives of the Refresher Course, emphasizing the integration of digital pedagogy, andragogy, and technology-enabled learning for sustainable education. After the break, Professor G.P. Sahu stressed the importance of experimentally validated concepts in research. He presented a three-step process for efficient literature review, emphasizing the need for

**Refresher Course**  
**Climate Action & Disaster Management**  
**STC-Soft Skill & Research Methodology**  
**Inaugural Function: 27 January 2023, 09-10.30 AM**

Prof. K.L. Srivastav  
Hon'ble Vice-Chancellor  
JNU University, Jodhpur

Prof. Alok Kumar Chakrawal  
Hon'ble Vice-Chancellor  
GG Central University, Bilaspur

Prof. Kamlesh Mishra  
Former Registrar & Director  
RDV, Jabalpur, MP

Prof. Sanjay Kumar  
Hon'ble Vice-Chancellor  
Amity University, Kolkata

Dr. Shiv Singh Rathore  
Formerly Chairman  
RPSC, Ajmer, Rajasthan

Prof. Joseph Daniel  
Principal  
Christ Church College, Kanpur

Prof. Rajesh Kr. Dubey  
Director  
UGC-HRDC, Jodhpur

Dr. Sudhir Gupta  
Christ Church College, Kanpur

Dr. Sachin Gupta  
Coordinator, STC: SS & RM

Dr. Meet Kamal  
Coordinator, RC: CA & DM

Dr. Nidhi Sandal  
Assistant Director, UGC-HRDC

Organised by: Director, UGC-HRDC, JNU University, Jodhpur

focused reading and utilization of tertiary resources.

Dr. Manoj Kumar Daniwal demonstrated the use of SPSS, guiding participants on importing and utilizing data effectively. Professor Vijay Jariwala discussed the role of Artificial Intelligence in higher education, highlighting its incorporation in the National Education Policy 2020 and cautioning against potential pitfalls in its application.

## DAY-2:

Day 2 of the workshop featured three insightful sessions. In Session 1, Dr. Sharma discussed the significance of Moodle Cloud Software in facilitating online meetings. The software allows seamless sharing of e-content like courses, classes, quizzes, and assignments. In Session 2, Dr. Sharma delved into Artificial Intelligence Modeling, emphasizing its reliance on past data and its transformative impact on various industries. UNESCO is considering implementing data science in education to personalize student learning experiences. Sessions 3 and 4 focused on Effective e-content development using Instructional design, highlighting its six key stages: analysis, design, development, testing, implementation, and evaluation. Instructional design makes eLearning learner-centric, employing various models to motivate learners, prepare them for real-world situations, influence thinking and behavior, enhance completion rates, and improve recall and retention power. Overall,

Instructional design promotes experiential learning, fostering essential skills such as critical thinking, teamwork, and communication.

### **DAY-3:**

On Day 3, Professor Dr. Ashok Kumar Sharma provided a comprehensive tutorial on Canvas, covering account creation, certificate generation, messaging, and the development of Massive Open Online Courses (MOOCs) using Moodle. Emphasizing the evolving role of teachers, he highlighted the significance of ICT tools in education. The session aimed to motivate students for online courses, encourage participants to enroll in domain-specific Refresher courses and guide them on MOOC development. Dr. B.S. Balaji's lectures in Sessions 3 and 4 focused on crossword puzzles and rubrics preparation, offering insights to create a multi-dimensional learning platform. The importance of continual learning and adaptation was underscored, emphasizing that literacy in the 21st century involves a willingness to learn, unlearn, and relearn.

### **DAY-4:**

Renowned speaker Prof. Ram Pathak delivered an insightful lecture on the "Importance of Soft Skills in Modern Research." He highlighted the qualities of an ideal researcher, the significance of academic personal branding, essential aspects of the research process, and ethical considerations in writing research papers. Prof. Pathak emphasized the combination of emotional, social, professional, and physical skills in researchers. Key soft skills for success included self-confidence, leadership, problem-solving, public speaking, and effective communication. He stressed the importance of building a personal brand to convey passion, talent, and goals. The

session provided valuable insights for teachers, faculty, and students, enhancing their understanding of research practices.

#### **DAY-5:**

In Session I, Dr. Ved Prakash Yadav from Rajasthan Agriculture Research Institute discussed agriculture and climate change, emphasizing the need for a 70% increase in global agriculture production by 2050. He addressed the sector's role in greenhouse gas emissions and advocated for mitigation through reduced deforestation, improved soil management, and increased productivity. Dr. Yadav highlighted strategies to manage water resources, promote integrated farming systems, and enhance livelihoods. Additionally, he emphasized the significance of millets, designated as the International Year of Millets by the United Nations in 2023. In Session II, Dr. Rupam Mukherjee spoke on crafting effective research proposals, providing valuable insights for faculty members attending the online refresher course on climate action and disaster management.

#### **DAY-6:**

Day 6 of the Refresher Course featured Prof. Rajesh Kumar Dubey's expert comments and a talk by Dr. O.P. Shukla on "Hypothesis Testing in Quality Research," covering dispersion measures, skewness, kurtosis, estimation, sampling distribution, and hypothesis types. The second session by Dr. Anil K Mishra highlighted the importance of teachers staying updated, integrating research into teaching, and improving classroom strategies. Prof. Chetan Srivastava, in Session 3, discussed trends in social science research, emphasizing academic excellence, intellectual freedom, and the criteria for quality research. The sessions were encouraging, informative, and beneficial for participants at all levels.

#### **DAY: 7-10:**

Days 7-10 focused on climate change, emphasizing human activities as its main driver, particularly through fossil fuel use. Consequences include droughts, water scarcity, fires, sea-level rise, floods, melting polar ice, storms, and biodiversity loss. The link between natural hazards and disasters lies in vulnerability and lack of preparation. Climate change amplifies risks by increasing hazards and community vulnerability. Practical steps to combat climate change were discussed, advocating for individual actions like reducing meat consumption, flying less, using energy responsibly, and supporting green spaces. The sessions provided a novel perspective on personal contributions to environmental protection and climate change mitigation.

#### **DAY-11:**

Session 1 featured Dr. Manisha Shukla's engaging lecture on "Nature, its Harmony and Human Self-Regulation." She emphasized understanding one's role in nature and

achieving harmony for continuous human happiness. Dr. Shukla highlighted the four orders of dependence—Bio, Animal, Physical, and Human—underscoring the need for the right understanding to fulfill human order and avoid environmental exploitation. Session II focused on Antarctica as the Earth's last sentinel against climate change, with Prof. I.K. Pai shedding light on its importance and the catastrophic consequences of melting polar ice. Dr. Sabina Bodra's Session III explored the economic impacts of climate change, addressing loss of life, and

property, disruptions in supply chains, and growing inequality. The sessions provided valuable insights into preserving Earth and mitigating climate change.

### **DAY-12:**

In the first session of Day 12, Prof. Dhruv Sen Singh discussed the interconnection of physical geography and natural hazards, emphasizing the role of geography in understanding, predicting, and mitigating events like earthquakes, hurricanes, and floods. The lecture highlighted the importance of interdisciplinary approaches considering both natural processes and human activities in managing hazard risks. In Session 2, Mr. Kumar Tushar Srivastava explored "IPR & Climate Change," underscoring the significance of patents for researchers. He emphasized how patents protect inventors' exclusive rights, encourage innovation, and contribute to societal development. The session provided valuable insights for researchers on safeguarding their work and exploring new dimensions.

## VALEDICTORY SESSION:

	  <b>UGC-HRDC</b> (UGC-Sponsored Inter-University Institute) Jai Narain Vyas University, Jodhpur Arora Circle, Near University Guest House, Jodhpur-342001 Cell: 9198218888   E-mail: directorhrdc@gmail.com	
<b>1</b> <b>Refresher Course</b> <b>Climate Change &amp; Disaster Management</b> Date: 27/01/2023 to 10/02/2023 Venue: Cisco Webex

6	Address by <b>Prof. Joseph Daniel</b> , Principal, CCC, Kanpur	04.40 PM - 04.50 PM
7	About RC & UGC-HRDC <b>Prof. Rajesh Kr. Dubey</b> Director, UGC-HRDC, Jodhpur, Rajasthan	04.50 PM - 05.00 PM
8	Address by Guest of Honour <b>Prof. R K Dwivedi</b> , Director, CDC CSJM University, Kanpur	05.00 PM - 05.10 PM
9	Address by Guest of Honour <b>Dr. Niloy Khare</b> , Advisor, Ministry of Earth Sciences, GoI, Prithvi Bhavan New Delhi	05.10 PM - 05.30 PM
10	Address by Chief Guest <b>Prof. Anand Prakash</b> , Hon'ble Vice-chancellor MG Central University,	05.30 PM - 05.50 PM
11	Chairperson Address <b>Prof. K L Srivastava</b> Hon'ble Vice-Chancellor, JNV University, Jodhpur, Rajasthan	05.50 PM - 06.00 PM
12	Vote of Thanks <b>Dr. Anindita Bhattacharya</b> , Co-Coordinator	Vote of Thanks

In the valedictory session of the refresher course, Dr. Nidhi Sandal welcomed attendees and introduced the concept of FID. Dr. Meet Kamal presented an insightful overview of the climate action and disaster management refresher course. Professors Sudhir Gupta, Prof. Joseph Daniel, and Mr. Rajesh Kumar Dubey shared their perspectives. Guest of honor speeches were delivered by Prof. R. K. Dwivedi from CSJMU, Kanpur, and Dr. Niloy Khare from the Ministry of Earth Science, Government of India. Prof. Anand Prakash, the honorable VC of MG Central University, served as the chief guest, while Prof. K. L. Srivastava, VC of JNV University, Jodhpur, gave the chairperson's address. Dr. Anindita Bhattacharya, the program coordinator, expressed gratitude to the esteemed speakers in her vote of thanks.
